CAREER SUMMERY

Despite holding a degree in Textile Engineering, my goal is to pursue a career as a Business Analyst because I think it as a vital position that enables the development of sustainable business strategies necessary for a company's growth and success. I firmly believe that the current economic landscape is becoming more competitive and challenging for businesses to grow and develop. Thus, I am seeking job opportunities for the role of Business Analyst, not only to improve my skills and knowledge but also to make meaningful contributions to the organization.

EDUCATION

- Bachelor of Science (BSc) in Textile Engineering in August 2025 from Bangladesh University of Textiles. Scored a CGPA of (3.69 out of 4.00).
